

BECOME A CULTURAL CATALYST

3 DOTS CATALYZES COLLABORATION IN OUR COMMUNITY

We are unique in that we provide a space where multiple groups and individuals who care about the culture of State College have an opportunity to collaborate and host their events. As a permanent physical space, we provide a critical connection point for multiple organizations in town.

WHAT'S YOUR PASSION?

Your support directly empowers groups in our community who share similar interests as you and are actively working to create change in our community around those themes.

EXAMPLES OF GROUPS + INDIVIDUALS YOU WOULD SUPPORT

3 Dots provides a platform for groups in the community to connect and collaborate. With your sustaining support, you can catalyze this programming.

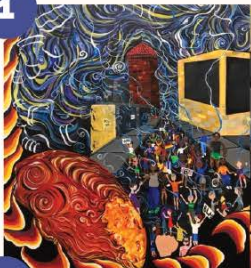

Here's a snapshot of just one area 3 Dots facilitates, in Justice and Equity:

1) Exhibiting artists of color exploring issues surrounding race and identity, such as Tiara Zhanè's painting exhibit, *Omni*

2) Hosting community groups and supporting their critical conversations, including a film screening and panel discussion on Black Wall Street by the NAACP, and Black Trivia by Black Tea

3) Supporting community initiatives and collaborations such as consistent drag performances by PSU Opulence, and an Out of the Closet clothing drive and inaugural State College Pride Parade hosted by the Centre LGBTQ+ Support Network
